EVEREST ORNAMENT

SUPPLIES:

1. Faux fur fabric strips
2. Black, White and Grey felt
3. Googly eyes
4. Pipe cleaner
5. Fabric glue
6. Ribbon
7. Scissors

DIRECTIONS:

STEP 1:
Cut a strip of faux fabric with the scissors and glue to the glass ornament balls. Then, starting at the top, go all the way around to the top again. It is important to make sure faux fur strip is secure.

STEP 2:
Now, cut another faux fur strip and glue this strip the opposite way around the middle, perpendicular to the previous strip of fur.

STEP 3:
Next, it's time to fill in the gaps. Continue gluing strips of the faux fur until the entire ornament has been covered, but you can still access the hook on the top.

STEP 4:
Cut an oval shape out of the grey felt for Everest's face and glue on the pair of googly eyes with the fabric glue on the grey felt, then cut 2 small circles out of the black felt for Everest's nose and then glue them between his eyes.

STEP 5:
Cut Everest's big smile with the black felt into a thin U-shaped line (that follows the bottom of your grey felt face piece). Cut half circles for Everest's round teeth out of the white felt and use fabric glue to stick them touching the top of his smile (2 teeth on the left and 3 teeth on the right). Glue his smile along the bottom of the grey felt/his face.

STEP 6:
Glue Everest's face onto your furry ornament!

STEP 7:
Finally, to finish off your *Abominable* movie ornament, cut a piece of ribbon, thread it through the ornament hook and knot the top so it is ready to hang.

ABOMINABLE ADORABLY
UGLY HOLIDAY SWEATER

WHAT YOU'LL NEED!

1. Grey, white, and black felt
2. Scissors
3. Glue gun
4. Sweater of your choice
5. Pack of LED battery-operated lights*
6. White fluffy fabric
7. Star jewels*
8. Candy cane pipe cleaners*
9. Little white pom poms*

**Optional*

STEPS:

1. Draw Everest's body outline on the back of the fluffy white fabric (print a picture of Everest and use as a guide to outline if needed).

2. Cut an oval shape out of the grey felt for Everest's face and use the white and black felt to make round eyes (2 big circles from white felt and 2 smaller circles from black felt, glue black on top of white). Glue on the pair of eyes to the grey felt, then cut 2 small circles out of the black felt for Everest's nose and then glue them between his eyes.

3. Cut Everest's big smile with the black felt into a thin U-shaped line (that follows the bottom of your grey felt face piece). Cut half circles for Everest's round teeth out of the white felt and use glue to stick them touching the top of his smile (2 teeth on the left and 3 teeth on the right). Glue his smile along the bottom of the grey felt/his face. Cut out his round ears with grey felt and glue them to the sides of his head.

4. Take Everest and glue his feet and head to your sweater, leaving his abdomen unglued. Behind his abdomen, cut a hole in your sweater for the lights and string them though (battery pack hidden inside sweater). Then wrap your lights around Everest like he got twisted in festivities and glue along the wire (lights optional).

5. *Optional*: add additional decorations with stars, pipe cleaners, pom poms, etc.

6. To secure battery pack: turn sweatshirt inside out and cut a piece of felt into a square that will fit your battery pack, then glue 3 sides of fabric and place inside sweatshirt where you want to keep the battery pack, so it acts like a pocket.

7. Now it's time to turn on your lights and have an Abominable fashion show!

BUILD EVEREST'S HOME

LET'S GET BUILDING! Here are some tips!

MATERIALS:

Every fort is unique - ask your parents/adults for permission and help finding the best Mount Everest materials, here are some starter ideas:

1. **Blankets**
2. **Sheets** (white and blue on the outside to make it look like Mt. Everest)
3. **Pillows**
4. **Couch or Chair Cushions**
5. **Mattresses**
6. **Dining Room Chairs**
7. **Tall table**
8. **String Lights**
9. **Books to weigh down the blankets and sheets**
10. **Sleeping bags**

FACE THE TV AND GRAB ABOMINABLE

Yi made Everest a wonderful fort on her rooftop, now it's your turn to make him feel at home with your own yeti fort!

BE CREATIVE WITH YOUR MATERIALS

Use what you've got around the house. Bring out the coat rack, clamps, duct tape, etc.

USE LIGHTWEIGHT SHEETS FOR THE TOP

The heavier the blankets, the hotter the fort will get, AND the more likely they are to weigh everything down. You do NOT want your awesome fort to cave in and start an avalanche!!!

MAKE IT COMFY

Feel like you're cozying up with Everest. Use two or three heavy quilts and pads on the bottom and then create a sort of yeti nest with lots of pillows.

BRING EVEREST HOME

Decorate the inside of your fort to make Everest feel at home. Put up string lights to represent his magical abilities, hang up your Everest ornament, draw pictures of your dream adventure and hang them up too.

PLAY THE MOVIE

Don't forget to grab snacks; blueberries, soda pop, baked goods from the recipes included or your own favorite snack! Finally, cozy up, play the movie, and experience the magic of *Abominable* inside your very own yeti cave on Mount Everest.
